SEPTEMBER 2019

Page 1

Message from the President

September has arrived and we still have plenty of time to plan additional cruises and to enjoy our cars. In our area, there are still lots of things to do and see; so let's take advantage of these final days of summer/fall and get out there with our cars. These are some of the best days of the summer and there are plenty of fall festivities to visit.

I wanted to review a few main things that have taken place in August in case some of you missed these club functions or related correspondence. The main club event for the season was our annual picnic at the Lakewood Rod & Gun Club in Lakewood, NY. This year we had another great turn out and the weather looked like it could be an issue, but it turned out great. One of the major topics of discussions this year after the picnic was the location and time of our monthly meetings. Several of the board members had been discussing the possibility of finding a new location for our meetings. The location that seemed to be favored by the majority of members was the Lakewood Rod & Gun Club. The members present at the picnic voted in favor of moving to this new location if we could work out a schedule with the Rod & Gun Club management. After several discussions with the Lakewood Rod & Gun Club Board, it was determined that we could meet there in their conference room, but it could not be on Thursday evenings because the room was already being used at that time. We voted to change our meeting day to the second Wednesday of each month with the time being changed from 7:30 pm to 7:00 pm. Please mark your calendars with this new location and time change. Having said this would make our first meeting at this location on September 11th at 7:00 pm. However, with many members away on the Fall Trip during that time, we moved our first meeting at the Lakewood Rod & Gun to September 18th

I will send out a reminder notice prior to the September meeting to remind everyone of this change.

Another event in August was the cruise in to Basil Chevrolet in Fredonia, NY. This is the event that Ted Okerlund coordinated with the dealership. We had a great turn out of our club members and even had a few of the Corvettes of Buffalo members join us for the day. The dealership had a radio station on site and provided food and snacks for everyone. It was very well received by the community and handed out several new membership applications to interested corvette owners. One new member signed up at the dealership that very same day. We have had a successful drive so far this season to increase our membership and need to continue with this effort. I have mentioned many times, when you have a friend that owns a corvette, talk to them about becoming a member. Our fall trip is coming up and there will be 10 cars making the trip to the Black Hills of South Dakota departing on Friday September 6th and returning on Sunday September 15th. I believe everyone that is planning on making this trip is looking forward to a great time and seeing sites that many of us have never seen before. We will take photos and share them with everyone during and after the trip.

I wanted to mention one more thing that some of you may have already noticed that we are making changes to our club web site. If you have not looked at it lately, please take a look and you will notice several things changes. The layout is new with a picture area that members can add to and even a video where you can place a video if you would like. Currently there is a C8 in the box that lets you get an all-around view of the new car if you have not seen it before. We will continue to update and make changes to keep our club web site more user friendly and interesting for the membership and visitors.

Gary

Birthdays
